**THE VISTA EXPERIENCE** was created to provide information on the most scenic and enjoyable route on green trails for your first time riding the Vista Express chair lift. There are numerous spots along the way to capture memorable moments to share - hashtag #VistaExp for sharing. Look for trail markings and signage on the way down. Know your limits and check weather and conditions before boarding the Vista chairlift, as visibility, wind and conditions at the top may be quite different than the bottom. Ski & Snowboard School lessons maximize your Vista Experience.
